

SITE STAIRS TOWER

Access adaptability for any need.

Alsina

■ Description

Auxiliary element that facilitates safe access and movement for workers on site. The Alsina access ladder, with 1.57 x 2.57 m base, has various sections allowing access to even and uneven height ranges, braced to structural elements.

■ Compatible

- CL Shoring.

■ Components and accessories

- Platforms of different sizes, plus security elements.

■ Properties

- Multidirectional connection technique (8 connections in an angle) allowing quick and easy assembly.
- Light components easy to store on site.
- Highly resistant and durable materials (steel and aluminium).

■ Frequent uses

- High height and complex geometry accesses.
